

LAKE JOHANNA LUMINARY EVENT 6:30PM SATURDAY, FEB 10, 2018

Along the West Side of Lake Johanna for 2018

This year we are trying to make the Luminary event more “user friendly”. We are going to focus our efforts on the west side of Lake Johanna only, stretching from Schmidt beach to Presbyterian homes. In 2019 we will have the Luminary on another stretch of the lake – rotating locations and fun! This way people will be sure to enjoy one another in a focused area of the lake and the luminary hosts will know they will have people stopping. We still need help from all neighbors on the lake however! Please consider bringing extra luminaries over to line the path, fire pits, food and also even host a station on the west side! We need all the help we can get. Spread the word to friends and neighbors ON and OFF the lake. Please contact Mari Salvesson about helping or hosting! Thank you neighbors!

**Please text or call
Mari Salvesson at
952-797-4640
if you can help or
host a station**

**We would love to have
many stops along the
west side! Can you help
with a station? Can you
bring luminaries, a fire
pit, wood, chairs?**

**Please ask friends and
neighbors who don't
live on the lake!
Spread the word to the
greater community!**

**Let's get out and play
this winter!**
